GLOBAL SYNERGIZERS NEWSLETTER
NOVEMBER 2025

Pulse of Progress

Vinod Raut

Chief Operating Officer
Global Synergizers Group

Dear Colleagues,

Every organization has a heartbeat — a rhythm shaped by its people, its purpose, and its progress.

This month, the pulse of Global Synergizers Group is one of forward movement, strategic growth, and renewed purpose. As we expand into new geographies, welcome exceptional leaders to our Board, and celebrate the growth of our own people, we are not just scaling operations—we are building the architecture of long-term impact.

The inauguration of our new Bengaluru office marks more than a physical expansion; it signifies our deepening roots in India's innovation corridor. With every new initiative launched and every partnership strengthened, we are accelerating our mission of transforming communities through purposeful collaboration.

Progress is not measured only in milestones, but in the commitment and character of our people. This edition celebrates that pulse—driven by leadership, shaped by our collective vision, and sustained by our dedication to meaningful change.

Let us continue to move forward with clarity, confidence, and purpose.

Warm regards,

Vinod Raut

Chief Operating Officer
Global Synergizers Group

Leadership Spotlight

Strategic Board Appointments Driving Governance, Innovation & Global Scale

We are proud to welcome two distinguished leaders to the Board of Global Synergizers Group, who will play a transformative role in shaping our strategic direction and global growth trajectory:

Mahesh Tudavekar

Group Head – Technology
Governance & Architecture,
Chief Strategy Officer, and
Board Director

“This is a moment for India’s agri and rural ecosystems to leapfrog into new futures powered by technology. My commitment is to align strategy with scale—ensuring that innovation reaches the last mile and drives sustainable livelihoods.”

His leadership will drive integrated technology governance across the Group, enabling scalable architecture, stronger ecosystem partnerships, and a unified vision bridging agriculture, digital infrastructure, and sustainability at both national and global levels.

Their combined vision strengthens our governance framework and positions the Group for transformative expansion across technology, sustainability, and market ecosystems.

New Beginnings in Bengaluru

Every milestone tells a story, and on **5th October 2025**, we began an exciting new chapter with the grand opening of our **Bengaluru office—a fresh space to connect, collaborate, and create impact together**. Following the launch of our Pune office last year, this milestone is a continuation of our journey, bringing teams and ideas closer in the heart of India’s tech hub.

The Bengaluru office is more than just a workspace. It’s where small initiatives turn into meaningful impact, conversations spark innovation, and shared purpose drives action.

From the puja rituals to the smiles and energy of our teams, the day captured the optimism and enthusiasm that define Global Synergizers Group.

Here’s to new beginnings, stronger collaborations, and stories yet to be written in Bengaluru!

Face of Progress

As we welcome new leaders to the board, we also celebrate those who are growing within—driving the pulse of progress from the inside out.

Snehal Yadav
Founder's Office –
Strategic Projects.

Snehal Yadav – From Projects to Strategic Impact

Snehal's journey from **Project Executive at Socion Impact** to **Strategic Projects Lead in the Founder's Office** reflects the essence of growth within Global Synergizers.

“Snehal represents the leadership we aim to build—rooted in purpose, agile in learning, and committed to creating systems of change. Her transition marks our culture of recognizing potential and investing in it.”

– From the Founder's Desk

This transition illustrates the Group's belief that progress begins from within – when individuals evolve with intent, impact follows naturally.

News and Events

IMPACTIUM
Advisory

Impactium Advisory at AfriLabs Annual Gathering 2025

On 13 October, Rupali Ramesh Patil (CIO) moderated the panel “Macroeconomic Outlook: Insights on African Markets by Africa” at the United Nations Office, Nairobi. Aadrika Shukla (Founder's Office Associate) joined her as we engaged with key voices shaping Africa's innovation and investment landscape.

SOCION
IMPACT

Socion Impact at India-Brazil Business Dialogue

Sunanda (Director – Finances & Strategic Partnerships) participated in the India-Brazil Business Dialogue on 16 October at the Imperial Hotel, New Delhi. The event brought together key dignitaries, including H.E. Mr. Geraldo Alckmin (Vice President, Brazil) and Shri Piyush Goyal (Minister of Commerce & Industry, India), fostering dialogue on bilateral investment and collaboration between India and Brazil.

India Green Investment Forum

At the India Green Investment Forum 2025, Aadrika Shukla and Snehal Yadav represented Impactium Advisory, joining discussions on the future of climate finance in India. The sessions explored blended capital, public-private partnerships, just transition, and the power of global-local convergence to drive sustainable, systemic change.

Alumni Talk at REVA University

On 23 October, Pratibha Kiragi delivered an alumni talk at REVA University, engaging students on “Crafting Stories that Drive Change: Strategic Communications for Social Impact.” The session explored storytelling, social impact, and career pathways in development communication, inspiring the next generation of changemakers.

Field notes

Harit Vriddhi Project – Empowering Rural Women Through EV Awareness

The Harit Vriddhi Project is taking root across Maharashtra, introducing rural women and FPO members to the world of electric vehicles (EVs) and green livelihoods.

Over the last month, sessions in **Sindhudurg, Satara, and Nashik** brought together SHG women to explore EVs – how they work, how they reduce emissions, and how they can create sustainable incomes in rural transport and logistics.

“When knowledge drives empowerment, every kilometre becomes a step toward sustainability.”

Impact Snapshot:

-  120 women sensitized on EV-based livelihoods
-  6 FPOs engaged in introductory sessions
-  3 demonstration drives planned for next quarter

By empowering women to lead India’s clean-energy transition, Harit Vriddhi blends climate action with livelihood creation – turning awareness into opportunity.

Team voices

From SHGs to Startups: Enabling Women Through CSR and Entrepreneurship

In the evolving landscape of rural India, Self-Help Groups (SHGs) have long served as a vital foundation for financial inclusion and community-led growth.

Now, a new chapter is unfolding—one that sees SHG members transforming into entrepreneurs and startup founders, thanks to sustained support through Corporate Social Responsibility (CSR) projects and ecosystem enablers. This journey—from grassroots collectives to independent business ventures—illuminates the power of women-led transformation across rural and semi-urban sectors. [Read more here](#)

Birthdays & Celebrations

11 NOVEMBER
Mahesh Dhanawade

This month, we celebrate the special days of our colleagues:

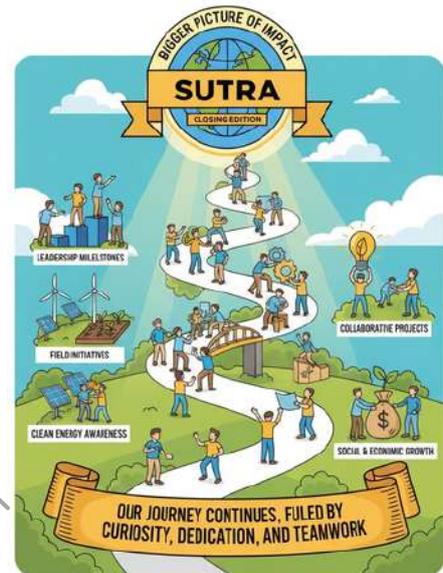

25 NOVEMBER
Govind Jha

Here's to a fantastic day—may it be full of smiles, cake, and memorable moments!

On the Horizon

As we close this edition of SUTRA, the **pulse of progress** is clear—through leadership milestones, field initiatives, and collaborative projects, every action and story contributes to the bigger picture of impact. From raising awareness about clean energy to exploring new avenues for social and economic growth, our journey continues, fueled by curiosity, dedication, and teamwork.

Call for submissions

We'd love to hear from you! If you've captured a moment in the field, written a story, or created something inspiring, share it with us and see it featured in the next edition of SUTRA.

Send your submissions to:
aadrika@socionimpact.com

Your thread could be the next story we showcase!
